Product : VIBAFLEX ORANGE 4051

Components with critical values that require monitoring at the work place: Not Required.

Personal Protection:

Respiratory: Wear disposable respiratory masks.

Protection of Skin and eyes: Wear gloves and overall

9. PHYSICAL AND CHEMICAL PROPERTIES

Form : *Paste*
Color : *Orange*
Odour : *slight*
pH : *7*
Specific Gravity/Density : *1.5*

10. STABILITY AND REACTIVITY

Stability : *Stable under normal temperatures and pressure.*

Condition to avoid : *None known if handled and stored as specified.*

Hazardous decomposition product : *No hazardous decomposition products if stored and handled as prescribed/indicated.*

11. TOXICOLOGICAL INFORMATION

NTP carcinogen : *Not found.*

12. ECOLOGICAL INFORMATION

General Notes:

The product being a rather stable paste should be handled carefully in such a way, it will not contaminate the environment.

13. DISPOSAL CONSIDERATIONS

Product:

Waste from this material is not considered as dangerous waste according to EU-rules and can generally be brought to a normal tip with a permit to handle industrial waste. When contaminated with dangerous products the advice of an expert has to be obtained. It should be packed in well-closed containers for removal. Check the local regulations and requirements.
